

PLAY TRIBE

where learning and play unite

Thank you so much for not only being a **PLAY TRIBE** member but also downloading one of my free resources!

I love our **PLAY TRIBE** and this is one of the reasons, being able to share, play and learn with you.

Just a few little instructions to help you put together your colour wheel

1. Cut the colour wheel out along the outside edge
2. Cut or hole punch the circle in the middle.
3. Cut out the arrow
4. Fix together using a paper fastener (split pin).

Note: I laminated mine to prevent tearing. If you don't have access to a laminator a little bit of tape around the paper fastener will help reduce tears.
